## TRANSACTIONS OF THE EXTENSION

In regard with those cars which have been temporarily imported either by those foreigners who came to Turkey with a view to perform a duty within a specified time period or by those who will receive an education or have a temporary residence permit, a time extension is granted for the staying periods of such cars in Turkey if the owners of these cars can submit documents serving to prove that their temporary status which had been granted to them upon their entry into Turkey, has been still prevailing.

This time extension transaction related to the cars, through the channel of Turkish Touring and Automobile Association, should be directed to the Customs Administration Office.

The Applications dealing with the extension of car staying period in Turkey, should be applied before the ending of such period.

a) Those persons who have already filed their applications in regard with the extension of staying period, within the course of time lasted till the expiry date of validity period which had been indicated in the Temporary Import Carnet of Foreign Number Plate Cars, by presenting the work permits, student certificates and residence permits, have to prove that the conditions pertaining to their intentions for coming to Turkey. have been still prevailing.

b) The applications with respect to the extension of validity periods of those documents serving as work permits, student certificates and residence permits which are considered to be the basis of time extension, must be filed with the pertinent state authorities not less than one (1) month after the validity dates of such documents have expired, and such pertinent state authorities must also extend the validity periods which had been indicated in these documents

Should the validity periods of documents such as the work permit, student certificate and residence permit, are not extended by the concerned state authorities, then within a month time starting from the date when the holder of car is notified of this situation, and in other cases, not later than one month starting from the expiration date of validity period of Carnet, an application must be filed with any Customs Administration Office in order that this car could be definitely deported..

In case the three (3) months period stipulated, are overdue, then the provisions of Article-238 concern to be imposed by the Customs Law 4458, will be applicable.

If the provisions related to the Temporary Import Regime are violated as evidenced by the related Article of Customs Law 4458, then a pecuniary punishment, whose total amount is twofold of the customs tax incurred on the goods, is imposed.

In order not be faced with any pecuniary punishments which raise up to high figures, it is considered necessary to obscure the rules defined above.
